EXPANSION CAMPAIGN UNDER WAY FOR UKIAH CHAMBER OF COMMERCE

COMMITTEE APPOINTED TO PUT ORGANIZATION ON MOAE SOLID BASIS

Alex Thomas Selected Chairman of Drive for Membership

Active work has been commenced on the details of the plans for an expansion of the Ukiah Chamber of Commerce. Alex R. Thomas has assumed the leadership of this project by accepting the chairmanship of the campaign executive committee with E. L. Albertson, Louis Hofman, Charles Kasch and Walter Sandelin working with him on this committee.

The entire campaign will be built around three fundamental principles; a carefully selected list of prospects, a business-like cultivational program, and the necessary team organization.

The details of the prospect list have been under way for the past two weeks, and are now in splendid shape. The educational period is now under way with various meetings, news publicity and direct mailing that will inform the citizens of Ukiah the reasons for this progressive movement.

Follett F. Morris and Stanley W. Watson have taken charge of the two team divisions, each to have five captains who in turn will have a team of four members each, making an organization of fifty-two in addition to the other campaign committees.

Committees are being selected as rapidly as possible by the executive committee. Working with the executive committee will be an advisory committee which will examine and pass on the plans for the campaign, compare results in other communities which have efficient civic-commercial organizations and offer suggestions to insure success in the coming effort in Ukiah.

The date of the active work of this project has been set for the week of January 23, taking up three days of that week if it is found necessary.

BOOZE PLANT AT CASPAR IS RAIDED BY OFFICERS

Prohibition Officers Weger and McDaniels raided the place of Frank Calvo on the old Stilwell ranch near Caspar the latter part of last week and destroyed a plant for making synthetic port and sherry wines. They dumped 775 gallons of Calvo's product, said to be of a very good quality and which has been in great demand among coast bootleggers.

Calvo appeared before Judge Shaw of Mendocino, where he entered a plea of guilty to the charge of possession and was fined $400, which he paid.

$2,243,000 FOR HIGHWAY

The state highway commission at a meeting held Thursday allotted $2,243,000 toward realignment, grading, etc., of various portions of the Redwood highway.

The McDonald-to-the-Sea road will get $60,000.

The proposed relocation of the Redwood highway between Cloverdale and Hopland was not mentioned.

Most of the money will go toward work in Humboldt county and north of there. The balance will be used in eliminating the Corte Madera grade.

GUILTY VERDICT AGAINST I. A. BALL AT STA. ROSA

SANTA ROSA, Jan. 13.—After evidence for and against I. A. Ball of Ukiah, charged with reckless driving, had been submitted yesterday to Justice Marvin Vaughan, the court announced he would find the defendant guilty but reserved judgment and sentence.

Ball was arrested as the result of an accident on the Redwood highway here early last November, in which his car and two others were demolished.

ARRESTED THIRD TIME

O. Bernardini, of Fort Bragg, was arrested on a bootleg charge by Officers Weger and McDaniels the latter part of last week.

Bernardini has been arrested twice before on similar charges, according to the officers.

Mr. and Mrs. T. W. Maguire and Mr. and Mrs. T. C. Maguire motored to San Francisco Friday.

PLENTY OF VARIETY IN COMING STATE VAUDEVILLE

The vaudeville coming to the State theatre next Tuesday evening includes a program varied enough to suit the most fastidious tastes. The acts are up to the past high class offerings at the State and you are missing a really fine evening's entertainment if you do not take them in.

Burt Lamar, "That Flexible Fellow in Komical Kapers," is a clever novelty contortionist and balancing artist with a most diverting routine, put over with plenty of pep and individuality.

Swor & Swor, a "black and tan" duo in "Way Down Yonder," present many good laughs and have a specially written talk and song and dance whirlwind finish. This is a very pleasing offering.

Buel & Demaris, "America's Ingenious Athletes," have a neatly dressed athletic and balancing act and present something bran new in dislocation.

George and Lily Garden, premier xylophonists, are bringing a new, tuneful and colorful number. Theirs is a strictly big time musical act with a repertoire of worth-while popular syncopated novelties.

Taylor Eddie was among the prominent Potter valley folks in town Wednesday.

SPEED COP TOO FAST; MOTORIST SURRENDERS

Dr. F. McCloskey, a local chiropractor, demonstrated to his satisfaction one night this week something he has been wanting to find out for several months, to-wit: whether a Chrysler car is faster than a Gardner. The demonstratee was Traffic Officer Ciancio, who drives a Gardner.

Ciancio took after McCloskey near the Ackerman creek bridge, about two miles north of town. The doctor "stepped on 'er," and so did the speed cop. McCloskey led him the way into town by a scant margin, Ciancio giving him the horn at every jump. McCloskey was then willing to call it a tie and turned down Clara avenue, up Mason and doubled into Norton, in a vain attempt to shake the cop. He was cornered at Norton and State, however, grinned and took his ticket. He had not appeared in court up to the time the Dispatch went to press last evening.

COAST LAD DROWNED FISHING FROM ROCKS

Several Others Have Extremely Narrow Escapes in Rough Seas

Alton Fox, of Mendocino, aged about 18 years, was washed from the rocks near that place while fishing in the ocean last Sunday morning and drowned. With Fox were two other boys, Curley Henderson and a boy named Gregor. Henderson and Fox were quite aways out on a reef digging mussel worms for bait when a big sea came in, washing both off. Henderson was carried to Gregor's feet and the latter grasped his hand and drew him out of the water. Fox was swept out and after swimming about five minutes, suddenly threw up his arms and sank. The body has not been recovered. He leaves his parents, a brother and a sister.

A narrow escape from drowning the same day is reported from Pudding creek where C. Schwarm and young son were fishing from the rocks. They had taken a position as they thought well above the line of the breakers, when a big comber came in. Schwarm saw it coming and shouted to the boy to get back on higher ground, which the lad did. The wave at that time came up around his knees. It broke six feet over Schwarm and carried him back into the ocean, but luckily he managed to get ashore.

Mr. and Mrs. Frank Cunningham and E. L. Cunningham went to San Francisco Wednesday and returned this week end.

CANCLINI UNDER BOND; WILL BE OWN ATTORTEY

A. Canclini, who was arrested at the Pacific hotel, Fort Bragg, last week and charged with possession of intoxicating liquor, has been placed under $500 bond pending the hearing of his cose. Canclini, it is stated, will represent himself at the trial of the case. He has asked for change of venue from Ukiah justice court to that of Fort Bragg.

Officers McDaniels and Weger, who raided Canclini's place, state that when arrested Canclini had a gallon of wine in each hand and a quart of gin under one arm and was making a getaway via the back door when they arrested him.

Canclini recently bought the interests of Pozzi Bros. in the Pacific hotel and promised Superior Judge H. L. Preston that if he would dismiss abatement proceedings which had been brought against the place, he would see to it that there would be no ground for complaint on this account in the future.

SERVICE CLUBS UNITE TO GET SWIMMING POOL

Committees from Lions and Rotary Clubs Work on Proposition

TWO SITES BEING CONSIDERED

The committees from Lions and Rotary clubs working on a municipal swimming pool held a meeting last week end and thoroughly discussed the proposition.

There are two sites available for the erection of a swimming pool. One is the municipal park and the other the Russian river at some favorable point. The estimated cost of a swimming pool at the municipal park is around $5,000 or $6,000. A dam could be thrown across the river and a swimming pool constructed at much lower cost. A small fee could be charged in the park while the river pool would be free to the public. Healdsburg has a dam across the river and creates a very satisfactory swimming pool each summer.

The proposition for a permanent swimming pool for Ukiah was brought forward by the Lions club. The Rotary club is cooperating with the committee from the Lions and it is believed that active work in raising the necessary funds can be started in the near future.

It is believed that the sentiment of the people of Ukiah is 100 percent in favor of a swimming pool at one place or the other and an expression of opinion as to the location is desired by the committees at work on the project.

MILL WORKER KILLED BENEATH LOG CARRIAGE

Mike Vukelic, an employee of the Union Lumber Co. at Fort Bragg, was killed last Sunday night when he was caught under a log carriage of the mill. Vukelic had been working on the night shift and at midnight while the mill was shut down for supper went to sleep under the pony carriage near the steam cylinders which operate the carriage. When the steam was turned into the cylinders preparatory to resuming work the carriage started forward from some unexplainable cause and Vukelic was caught and crushed between the carriage and the bumper.

He was president of the Fort Croatian lodge and was highly thought of by all who knew him. He leaves four daughters and three sons.

The Rambler

Negotiations are now under way looking toward the establishment of a municipal airport for Ukiah. It is beyond question that sooner or later every city will have such an airport. One reason why there has not been more airplane travel in this locality has been the difficulty of landing. It is possible for municipalities to lease the local airports thereby securing an income sufficient to pay for the rent and upkeep. Municipal airports will be necessities, and the cities which are in the field early will secure greater opportunities.

I drove over the state hospital bridge the other day and it was like riding the bumps. It would seem that the highway officials ought to be able with very little effort to repair the floor of the bridge so as to make transportation over it comfortable.

Four acts of vaudeville are given every Tuesday night at the State theatre, and it is good vaudeville, too. In fact, the numbers thus far were equal to any given at the Orpheum in San Francisco. It has been good, clean entertainment, and it would be worth your while to take an evening off and enjoy yourself there.

Karl Hengeveld has a floral nursery on north State street in Ukiah. It is a new enterprise and is well worth a visit and your patronage. He will be in a position this year to furnish trees, shrubs, cut flowers, and plants from hot beds for your gardens. In addition, the establishment of this business has made a great improvement of that part of Ukiah.

Murders these days are getting bigger. And they will continue to get bigger until punishment is made swift and sure. Some years ago a sentence of life imprisonment meant just what the judge said. Nowadays, a criminal sentenced to life imprisonment secures his liberty within a comparatively few years. In my opinion, the indeterminate sentence and early granting of parole has taken the fear of punishment from the criminal. Also the wide granting of probation has taken the fear of imprisonment from many potential criminals. It must be remembered that Hickman was in court not many months ago on a criminal charge, and was given probation. If, at that time, he had been sentenced to prison, no doubt the Parker girl would be living today. We must also realize that juries are rather lenient and hesitate to bring in a verdict of guilty, which also has an effect toward the encouragement of crime.

It is a great joy to see the work actually commencing on the addition to the courthouse. This has been a pressing need of Mendocino county for a number of years, and it seems almost too good to be true. The most pleasing feature, however, is the fact that the money is actually on hand to pay for the work. Very frequently the final cost is double the amount of the actual value received. The people of Mendocino county owe a debt of gratitude to Chairman Newton P. Howe, E. L. Williams, from the First district, and E. M. Ford, from the Second district, for putting this project over. One by one the needed things are being required. Progress results from keeping everlastingly at it, and we of Mendocino county need not be ashamed of the forward steps that have been taken.

* * * * *

When the courthouse has been completed, the next great need is a new county hospital. I hope that it will be possible to save sufficient money in some manner so as to erect a new hospital without a bond issue. It may be necessary to add a small amount to the tax rate each year and build on the unit plan as the board of trustees of the Ukiah high school are very wisely doing. All this cannot be done at once, and if we will just be patient, we will find that in a few years things will get accomplished and will be fully paid for.

That is quite a store that Herman Schmidt has opened in the old postoffice building. I like the way he displays his goods and more especially was I impressed by the fact that the entire store can be seen from the street. It has always seemed to me that the person who carries his own goods should not be required to pay the same amount as the person who utilizes the delivery service. It has also seemed fair to have the person who pays cash on the spot get a reduction over the one who requires from thirty days to six months credit. Delivery service, bookkeeping, and bookkeepers cost money. And where credit is extended a certain amount must be charged off each year for bad bills. None of these items seem altogether fair to be charged against the person who pays cash and carries away his own goods.

I have been watching with a great deal of interest the redwood tree that was moved from the west of the courtyard square to a place south of the courthouse. It seems fair to suppose that the tree will grow and that in a very short time it will adapt itself to the new location. We have come to a realization here in Ukiah that trees are a valuable asset to the community. A few years ago people thought no more of cutting down a tree within the city limits than they did of demolishing an old fence. When it was decided that an addition to the courthouse would be built, it never entered the minds of anyone to cut down that beautiful redwood tree. Not only the Saturday Afternoon club, who is responsible for it, but all the members of the community spoke for moving it to the new location. When the state highway commission decided to remove the oak tree at the Forks, there was an earnest attempt made here to have it reconsidered. The attempt failed and perhaps the changes made in the highway at that point were for the better but the interest shown is a clear indication that the natural beauties of this locality are going to be preserved so far as possible.

That was quite an editorial the editor had last week relative to progress in Ukiah for the year 1928. Just now we are entering upon an expansion campaign for the Ukiah Chamber of Commerce. A large number of advantages that have come to us the last few years have been the result of the activities of the chamber of commerce. It is a sort of central clearing-house for the community. It is the means afforded the people of the community to pull together, in the same direction, and at the same time for the community welfare, and business betterment. In this organization there is opportunity for an expenditure of energy by every member of the community. The chamber of commerce has come to be a vital force in our civic and community affairs. It would be difficult to visualize what this community would be without the chamber of commerce.

"You never know what a jury will do." A friend of mine has just taken out a policy of insurance against injury to someone from an automobile accident. He gave me a new idea on the subject of insurance. He said that he was not buying insurance to be protected against his own carelessness or negligence but to be protected against the action of a jury if he should chance to be brought into court. We have life, fire, health, burglary, cyclone, rain, and earthquake insurance, and now we have come to jury insurance.

BAND CHARIVARIS NEWLY-WED

Monday evening the Italian Progressive band assembled at the Louis Baccaglio residence and left in automobiles for the home of Mr. and Mrs. Louis Guldi, where they charivaried the newly-weds who had returned last Sunday evening from their honeymoon. A selection was played by the band in front of the house, after which they were invited in. Several more band pieces were played and the evening was merrily spent in dancing until midnight, with Alex Pacini and his accordeon furnishing the music. There were about 150 present and all had a very enjoyable time.

A lunch was served after which the visitors departed wishing the bride and groom a happy and prosperous married life.

MISS PACINI IMPROVING

The many friends of Miss Phyllis Pacini, daughter of Mr. and Mrs. Alex Pacini, will be pleased to learn that she is steadily improving, following treatment in a San Francisco hospital for a fracture of her leg and an operation to her foot.

The date of her return home is somewhat indefinite at the present time, but her family, and her many friends, of which she has legion, are looking forward to her complete recovery at an early date.

Mr. and Mrs. Elmer Albertson went to San Francisco Sunday for two or three days. Mr. Albertson went on business.

ROUND VALLEY

COVELO, Jan. 11.—Have you said HAPPY NEW YEAR?

After more than two weeks of spring weather, a heavy frost and fog was with us again this morning.

There has been considerable sickness from colds since before the holidays.

Mrs. G. M. Biggar is still confined to the house. Mrs. Clyde Riffe and mother, Mrs. Russell, and Miss Fay Russell and small daughter were bedfast part of last week and Mr. Riffe and small daughter are taking their turn this week. Mrs. R. M. Anderson is out again after a two-weeks siege. In fact the list of sufferers would include nearly every home in the valley, hit more or less severely.

Prof. L. B. Sarasin's sister is here from Berkeley. She has entered school and will remain for the balance of the school year.

Mr. and Mrs. Frank Zeek and the little children returned to Cloverdale the latter part of last week to be ready for the opening of school there on January 9. They had spent a two-weeks vacation here with Frank's parents, and other relatives and friends. It seems good to have them with us.

There has been a general exodus of Covelo young folks now located elsewhere, to their homes after spending the holidays with home folks and friends in the valley.

Jack Hogshead returned to San Francisco last week. Miss Helen Hogshead returned to Petaluma Sunday. Miss Lois White made only a short visit, returning the day after Christmas.

Miss Venus Heminway returned to Oakland Saturday.

Mrs. Harold Saunders and Miss Muriel English returned to San Francisco last week.

Rolland Hurt returned to U. C. Thursday.

Russell Dunlap returned to Corvallis, Oregon, last Sunday.

Miss Lena Yates has a vacation lasting through January, and is still here.

Mrs. E. A. Gravier has a recent letter from Mrs. Edith Murphy in which Mrs. Murphy expresses herself well pleased with Los Angeles. She has taken an apartment and will remain there for the present. Upon her arrival, she spent some time visiting Mrs. Gravier's son, Alfred Motander, and family. Mrs. Murphy is making use of her ability to write, preparing articles, a number of which have been accepted for publication.

Miss Eva Dunlap has a month's vacation. She expects to spend next week in the bay region. Mrs. J. L. Dunlap will at the same time spend the week with her mother, Mrs. Eva Cummins, in Berkeley.

Miss Vera Dunlap has received a letter from Miss Eleanor Barton stating that Rev. and Mrs. J. L. Kent, of Esparto, have recently visited the Barton family at Vallejo. The Kents and the Bartons are all well pleased with their new locations.

The farm bureau meeting will be held January 23. Keep this date in mind as it is will be a meeting of more than usual interest. Movie reels, outside speakers and discussions of value.

Mr. and Mrs. Robert Redwine returned Friday from an over Christmas and New Years visit with their daughters in the bay region.

Mrs. Rice spent the week between Christmas and New Years visiting friends in San Francisco.

John Perry went to the city after Christmas for a final adjustment of the long serious time he has had with one of his eyes. Some time ago it became necessary to remove the eye entirely which is, of course, a serious handicap.

The Bruce Henderson family are enjoying a new piano purchased a short time before the holidays.

E. A. Graviers have installed a telephone in their residence. They are on the Reservation line, the ring being two longs and one short.

Rev. and Mrs. R. M. Lippert and children were dinner guests at the D. T. Johnson home Tuesday evening.

Rev. Len Schillenger made a business trip to San Francisco Tuesday.

Otto White has bought the Hollingsworth dairy herd and added it to his already good sized herd on his ranch here.

George Barnes was in from his mountain home Tuesday, returning Wednesday morning.

Little Miss May Lee Clark is ill at her home north of town.

Encouraging news comes of the marked improvement in Mr. Omar Bates' condition. It is thought that he will be able to sit up soon. A thorough examination has recently been made. It was found that the abcess is more than half absorbed with other improved conditions, including sleeping and eating well. He is still at St. Francis hospital.

Marion Lee, of Dos Rios, was taken suddenly ill Thursday. He was rushed to Ukiah, where he was operated upon for appendicitis that night. At last reports he was doing nicely.

Last night (Tuesday) there was a fire scare in town, which but for the absence of wind, might have meant destruction of a block of closely set buildings. As it was only a smokehouse, belonging to Gus Hagne was destroyed, together with the meat of two large hogs belonging to Leslie Dunlap. It is thought that Leslie built too heavy a fire under the meat or else a piece of meat had fallen and fed the fire—at any rate meat and house is a total loss.

The Covelo W. I. C. met at the auditorium Saturday, January 7. The program for the afternoon was in charge of a committee headed by Mrs. Chas. Heminway, and was as follows:

Vocal duet, Mesdames Emma Rice and Nellie Ham, Mrs. Ham accompanying. They responded to an encore.

Mrs. Ethel Drewry read an article setting forth the story of the Woman's Building in San Francisco. It was a most interesting and instructive exposition of how a group of earnest women swung an enterprise involving a present investment $2,000,000.

Miss Shirley Rohrbough played a piano solo.

Mrs. Bruce Henderson read the time honored poem, "People Will Talk."

Mrs. Rice next sang a solo, with Mrs. Ham at the piano.

A short business meeting followed. A meeting of the executive council was called for Saturday, January 14, at the home of President Wilda Hurt, to project plans for a banquet to entertain the husbands early in the month.

Announcement was made that plans are being laid for putting on two plays in March.

The secretary, Mrs. Anderson, read an interesting letter from Miss Ringheim, concerning the success of the Red Cross stamp sale.

Miss Helen Hogshead, who was a visiting guest, gave a very interesting talk concerning the activities of the Petaluma club and its subdivisions.

After the business session the ladies were invited into the domestic science room where the ladies served delicious refreshments consisting of sandwiches, pumpkin pie and coffee. Here seated at the long tables, the ladies enjoyed a truly delightful social hour. The committee serving was Mesdames Lilian Heminway, Ethel Drewry, Margaret Rohrbough, Mary Miller and Ruth Hayden.

The next meeting will be held January 21. Mrs. Robert Redwine is chairman of the committee in charge for the entertainment of the ladies at that time.

Round valley residents are justly appreciative of the good work being done on the streets of Covelo. All the main streets are being graveled, smoothed and drained. The work is in charge of Russell Ells, one of our own boys.

There has been another haul of marauding game. Last week, Raymond Hill, accompanied by Bud Barnes and Game Warden Earl Caldwell went out to Elk creek and brought back one bear, one lion and three bob-cats. The lion and cats were killed in Thatcher canyon. They had been killing and eating deer.

REDWOOD VALLEY

REDWOOD VALLEY, Jan. 12.—The Sunday school council held a business meeting at the home of Miss L. Kistler last Friday evening. Miss E. Pritchard was chosen treasurer, Mrs. E. M. Jeffrey, beginners' teacher and Miss L. Kistler, assistant secretary. After discussing a number of Sunday school problems a pleasant hour was passed in song practise.

The attendance at Sunday school last Sunday was 37.

The Rev. Elbert Holland preached his usual good sermon Sunday night. His subject was the "Holy Spirit." Dr. Fifer will be with us at 7:30 next Sunday night. All are cordially invited.

Kirk Ford returned this week from Hull Mountain, where he has been looking after his cattle.

The farm bureau met Tuesday night. This was the regular monthly meeting night but the county secretary in sending out the notices of the meeting made an error in stating the meeting would be held January 16th instead of January 10th. This misled many members and consequently the attendance at the meeting was cut down. Nevertheless the meeting was a very profitable one.

Director Yarbrough gave a splendid report of the county meeting. He stated in the fight for coyote control that one of the government trappers had accounted for 42 coyotes in the past month.

That a very successful banquet sponsored by the county farm bureau was given to the agricultural club members on December 28.

That the report of Marketing Agent Stephens showed $230,000 volume of business during the past year. The marketing of cattle,, hogs and sheep accounted for $53,000, $56,000 and $40,000 respectively.

That officers chosen for the year were L. L. Hooper re-elected president, C. R. Yarbrough, vice-president, and H. T. Harvey, secretary.

Assistant Farm Adviser Foot gave an inspiring talk on the value of club work to our boys and girls. Mr. Foot stated that during the past year the Redwood valley center had been eighth in membership in the county but with an average attendance for the year of 66 per meeting ranked third in the county in attendance.

There was a free discussion of road problems and of projects for next year's work.

F. A. Howland has been appointed a school trustee to succeed C. W. Gholson.

Letters received from L. A. Daly and party state they arrived in Peoria, Arizona, after a four-days motor trip. In crossing the deserts bordering the Colorado river both on the California and Arizona side the scenery consisted solely of sagebrush, sand and cactus. The party was enchanted with Los Angeles county. They found vast stretches of cotton fields, both in California and Arizona, and also acres and acres of lettuce with heads as solid as cabbage. They report beautiful weather in Arizona, just about like May is here, with clear blue skies and the bright sun shining all day long.

In Memoriam

MRS MARY HARVEY

HOPLAND, Jan. 11.—Last week this commhnity was shocked to hear of the illness and death of Mrs. Mary Harvey, who had just left us a few days before to spend the winter in Oakland with relatives and friends. Mrs. Harvey had a host of friends in and around Hopland, where she had lived for 47 years. She lost her husband 20 years ago. She followed nursing for a number of years and no call ever came, day or night, that she did not respond to immediately and still went to the bedside of any of her sick friends in spite of her age and failing health. Mrs. Harvey was 70 years old but still retained her good looks and pleasant ways.

She will be greatly missed in this community. She had been failing for the past year but no one thought she would be called so soon. She was an active member in the P. T. A., and also took an active interest in the Garden club, of which she was a member.

She leaves one son son, Harold, whom she idolized.

Although she is gone she will not be forgotten by her friends in Hopland.

She was buried in Petaluma by the side of her husband.

MALE CHORUS TO MEET AND ORGANIZE MONDAY

Attendance of All Interested in Movement Requested by Sponsors

WANT SEVENTY-FIVE MEMBERS

In another column appears an announcement of the organization night of the Ukiah male chorus. The meeting will be held at 7:00 o'clock next Monday evening at the Presbyterian church and all boys and men from eight to eighty are invited to attend and become members.

The organization will be strictly non-sectarian and when sufficient practice has been had, it will devote itself to service for the public.

The membership of the chorus will be limited to seventy-five. It is not necessary that the members have trained voices as one of the purposes of the chorus is to offer training to those who desire to perfect themselves in singing.

The musical director will be H. T. Harvey. He has had extensive experience in this character of work and no doubt a more capable leader could not be obtained. Mr. Harvey not only possesses a delightful voice, but has an exceedingly pleasant personality.

While the organization of this chorus is being sponsored by the Men's Brotherhood of the Presbyterian church, the chorus will accept invitations to sing in any other churches in Ukiah. At least two secular concerts will be given each month in the local Presbyterian church. Secular musical numbers will be secured and prepared to be used in connection with community events.

Please remember that the organization will be perfected next Monday night at 7:00 o'clock. Parents are especially encouraged to have their boys attend as it will afford to them a splendid opportunity to receive an excellent musical training.

Alden Crafts Graduates With Highest Honors

POTTER VALLEY, Jan. 11.—Out of the 415 graduates this winter from the University of California, thirty-one graduated with honors. Three were given the award of graduation with highest honors. One of these was Alden S. Crafts of Potter valley, who completed his course in the College of Agriculture. Mr. Crafts is planning to continue his studies as a graduate student, specializing in plant physiology.

Miss Gladys Spotswood, of Ukiah, was a Sunday guest at the home of Mr. and Mrs. Herbert Pickle.

J. M. Thornton returned to his home here Wednesday, after having taken his wife and children to Santa Rosa, where they will remain for a time at the home of Mrs. Thornton's mother. While in Santa Rosa Mrs. Thornton will take care of her mother, who is in failing health.

Ingels and children, Kenneth Busch, Mrs. Charles Busch, Ghent Busch, Charles Neil, Miss Vera Kinman, George Gibson, and Harry Moncrieff.

The Ladies' Aid Society of the local church met last Wednesday in the church parlors. The next meeting of the Gange will be held in Grange hall, Saturday evening, January 14.

A Pacific Coast paper dealer received a surprise shipment of 800 bundles of tray paper [for drying grapes] which had not been ordered. This resourceful dealer quickly turned the supplier's error to good account.

Telephone calls to customers in nearby towns disposed of the entire shipment and one hundred additional bundles for later delivery—gross sales $4500.00.

Successful sales campaigns now consider the telephone—the rapid, convenient, economical, personal means of communication with customers in and out of town and a sales force of proven merit.

"When you call the trade by telephone they know you have something worth while to say".

Troop 40 of the Boy Scouts on January 27 will present a program and receive second class badges. Scoutmaster Faas is being assisted by the troop committee of Redwood valley grange and Junior Assistant Fred Goudge in the plans for this, the first event of the new year.

Redmen Troop 36

Scoutmaster Blitz Paxton is receiving splendid cooperation from Chairman Dean Van Voast in the various activities of the scout program. The scouts have appeared several times before Yokayo tribe, their sponsors. Scout James Mitchell brought back many new ideas from the older scouts' conference held in Oakland recently.

Hopland Troop 27

The distribution of scout calendars, through the cooperation of the Savings bank, was an outstanding feature of last Wednesday's meeting. Scoutmaster Don Ward is making plans for another demonstration, to be presented for members of the farm bureau and parents and friends. Troop 27 appreciates very much their being able to use the high school as headquarters. Scouts Robert Harmon and James Williams made splendid reports on the older scouts' conference.

Legion Troop 30

Scoutmaster Lawrence Waugh and his scouts are carrying on a regular program of scouting. During the holidays a program was presented before their sponsors, Lewis White Post. George Dane was the delegate to the older scouts conference.

Ukiah Troop 24

The Native Sons troop is planning an educational trip to San Francisco on January 20, 21, 22. This will be the third annual event of this kind. Fort Bragg was visited in 1926 and Santa Rosa in 1927.

The scouts of the Sunset district will be hosts and many worthwhile features have been arranged. Trips to Golden Gate park, the beach, public buildings, a chance to say hello over KPO on Saturday, January 21 at 5:00 p. m., a rally at the Sunset Scout hall, Sunday church services, are all on the program.

Some thirty scouts will make the trip and a number of parents and members of the troop committee will take good care of them during the visit.

Harold Stem, field executive, and Byron McDonald, commissioner, are making all the plans and have issued the invitation to Ukiah troop 24.

District Board

Chairman C. Roy York is sending a call to all members to attend a meeting of Mendocino county leaders to be held at Willits on January 26.

New Handbook

A great deal of enthusiasm has been created by the new handbook, which is considered one of the outstanding achievements in scout history. It is very hard for the official outfitters to keep them in stock to supply the demand.

SIX MONTHS OLD BABY MASOOT OF GRAND JURY

The grand jury which was in session this week had a mascot that attracted much attention not only from the judge and members of the jury but from all the occupants of the courthouse.

Robert LeVerne Rains has the honor of being the youngest member to attend any session of a grand jury in this county and the only attendant at a grand jury not officially enrolled.

Robert is the six-months-old son of Mr. and Mrs. Bert Rains. Mrs. Rains is a member of the grand jury and took her son with her to the jury room. For two days Robert sat in his buggy in the jury room and his mother says "he got quite a kick" out of the session. He was the object of much attention from all the members of the jury and covered himself with glory in his behavior. Not once during the day session did he ever whimper.

Only once did he become at all excited and that was when the foreman in reading an indictment waved and rattled a paper he was holding in his hand. Robert took the attitude as a special salute to him and he rose with outstretched arms to receive the coveted noisy paper.

The face of every member of the jury was wreathed with smiles if the baby were mentioned and one and all adopted him as a member. Judge H. L. Preston shook hands with him and welcomed him to the jury room. Robert was six months old last Sunday and celebrated the half year mark by attending the grand jury.

BRIDGE CASES SET FOR TRIAL HERE MARCH 12

Protestants against the proposed Golden Gate bridge district will have their cases heard in the Ukiah superior court beginning March 12, according to County Clerk Willis Prather, who announces that this is the nearest date available. The hearings will be presided over by Judge Luttrell, of Siskiyou county.

The San Francisco cases will be heard on February 1, those in Marin county on February 3, and Napa county February 20.

STEAL AUTOS, KILL COW, ROB STORE AT HOPLAND

Someone last Wednesday night stole an automobile belonging to Leslie Tindall, drove it down the east side of the river to a point near the DeCarli place and there collided with a cow. The car was found the next morning on top of the cow, the animal being dead.

The same night someone broke into a store at Hopland, stole some groceries and then stole a car and made away with it.

It is presumed that Indians are the miscreants and that the same person or persons are responsible in both cases.
